

READERS TASKS

It's very important that **you READ THE READER asked you to read** the days you won't be at school as, when you come back again, we will devote just 1 or 2 classes to talk about it and revise your comprehension.

In order to help your understanding, **we propose you to do the BEFORE READING, the WHILE READING and the AFTER READING activities you will find at the END OF EACH READER.**

You can **DO** them in the **SAME BOOK** or **ON A SEPARATE ANSWER SHEET.**

Your English teachers will check and will take into account if you did them or not. And remember, **they will be VERY GOOD HELP for your Reading Comprehension Exam** this term as it will be about your Reader!

Soon you will **HAVE** the **ANSWERS** on the **SCHOOL WEBPAGE!!!**
