Comparatives vs. Superlatives

as as

10€

10€

The purple book is as expensive as the red one

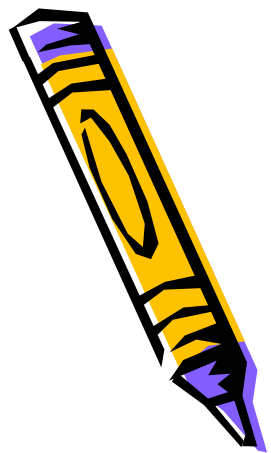

The Comparative is normally used if you want to compare **two things**, people, etc:

- When we compare using **short words (one or two syllables)**, we add **-er + than** at the end of the adjective.

Ex:

- He is taller **than** me.
- My car is cheaper **than** your car.

➤ When we compare 2 things or people using long words (three or more syllables), we add

more + adjective + than

Ex:

- This place is more beautiful (adj) than the other one.
- This book is more interesting than that book.

If you want to compare **three or more** things, people, etc. you use the *Superlative*:

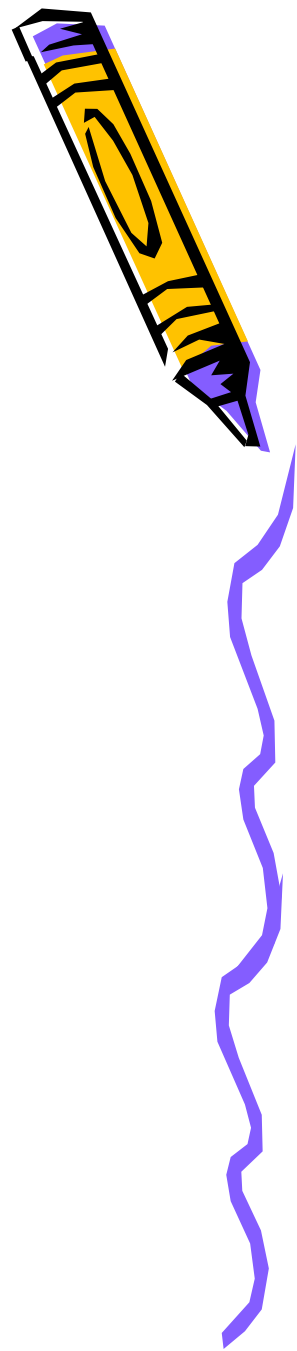

When using **short words (one syllable)**, we add **the + adjective + -est**.

Ex:

- The red car is **the fastest** of all / in the group
- This dinosaur is **the tallest**.

➤ When Using **Long** Words(Three Or More Syllables) We ADD **The Most + Adjective**

Ex:

He is **the most intelligent** student in this class.

She is **the most beautiful** girl in the world.

➤ If an adjective has got 1 syllable and finishes with:

consonant-vowel-consonant

- big - bigger

- hot - hotter

- thin - thinner

- fat - fatter

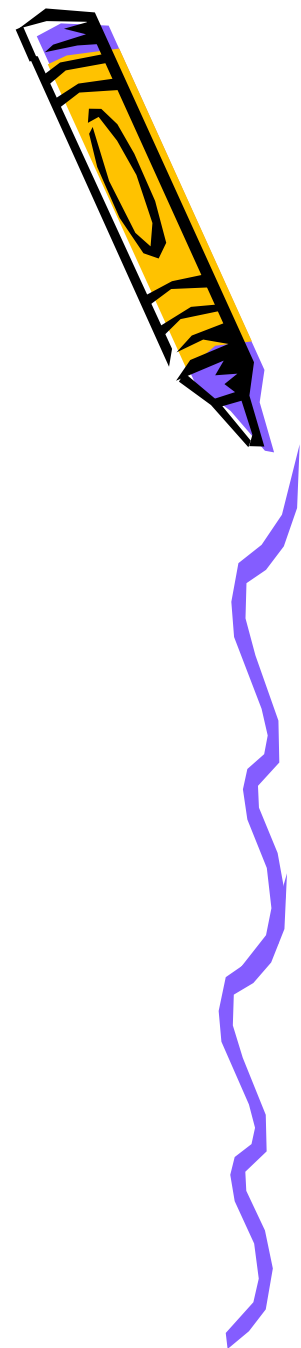

➤ If an adjective ends with a -y, we change it to -i and add -er

- happy - happier

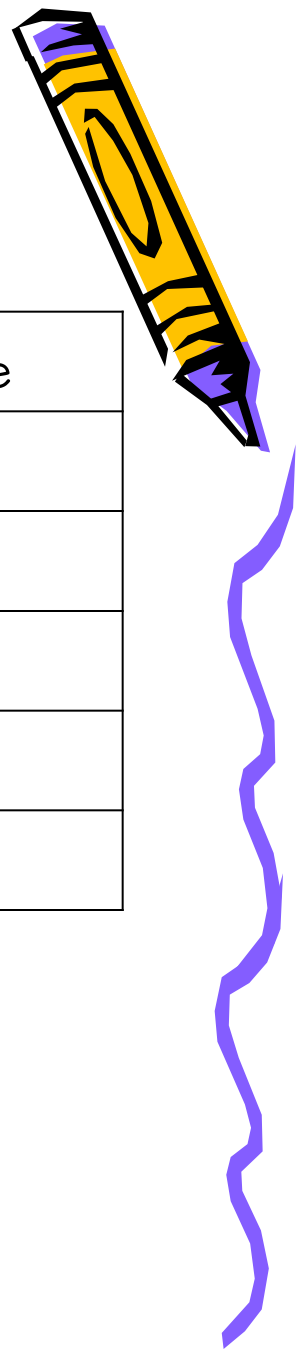

- funny - funnier

- easy - easier

- ugly - uglier
